

# OPEN SOURCE 101

## BE ACTIVE ON THE SITE. ACCUMULATE POINTS. GET REWARDED.

At Open Source 101 2021 attendees will accumulate points for certain actions taken while being active on the site, and points will be displayed on the Leaderboard.

At the end of the event - at 4:45 pm ET or so, we'll stop the Leaderboard and identify everyone with **at least 1500 points**. Each finisher **with at least 1500 points** will then be assigned a number based on where they finished (#1 will be assigned the number 1, etc.). A random number generator will then be used to identify **the top 20** from this group. The top 8 finishers will receive the technology prizes available (System76 Lemur Pro, Lenovo Chromebook S330 Laptop, Acer Chromebook Spin 330, HHKB Hybrid and Razer Black Widow Elite mechanical keyboards, and Raspberry Pi Desktop Kits) and the remaining 12 will receive an All Things Open t-shirt and hat package. Winners will be notified **no later than Wednesday, March 31**.
